

Dear Community Member,

Due to the generosity of our community, we have been able to complete the process of listing four historic sites on the National Register; St. Joseph's Shrine, the Brick Walker Tavern, the Davenport House, and the Towers.

In a continuing effort to make US-12 a historical highway and to fulfill our goal, a National Register plaque is needed to designate each site.

All contributions are greatly appreciated and we are asking you to help our cause. Your love of the Irish Hills and believing in our purposes, gives you the reason and wisdom to be one of our contributors.

The sponsorship levels are included on the following page; but custom sponsorship opportunities are available.

Please call to create your own personal contribution. Call 517- 403- 5358.
